Once completed, the programme will be assessed through a case study-based approach to be completed in an 8 day window.

"My learning has led me to have more professional dialogues with senior leaders within the school. From my learning audits, I've had the chance to improve on the areas that needed addressing. This has been done through having the knowledge to put myself into more challenging/uncomfortable situations, professional development through my mentor meetings and supporting colleagues with my improved confidence/knowledge of the content in module 2."
